Part 8: Create Your Sales Page

Product Launch Step #8: Create Your Sales Page

- This is the part where you put your sales copy into a sales page.
- The sales page is how you will sell your product.
- An effective, clean looking sales page will really help drive your sales.
- JVZoo makes it extremely easy to get your sales page live and online.
- You also don't need the download page, but we recommend it to build up your audience.
